

Environmental Policy

The company will use policies and procedures that will ensure the conservation of natural resources while minimising any adverse environmental impact from our operations, including, but not limited to, waste reduction and recycling.

We aim to review our environmental policies and procedures regularly to improve our performance and quality.

All employees are made aware of this policy and their responsibilities for environmental issues.

The company operates an energy conservation policy to ensure that:

- All non-critical equipment is switched off when not needed.
- Low energy electrical equipment will be preferred for purchase.
- All materials and equipment that can be recycled will be recycled.
- Where available 'Green' suppliers of energy (electricity and gas) will be used.

Ashbourne Healthcare Services will endeavor to perform business electronically, to reduce paper usage

We will always seek to purchase products that are environmentally friendly, re-usable, recyclable and that do not damage the environment.

Whenever possible, Ashbourne Healthcare Services re-uses incoming packaging materials.

This policy statement is on display at company premises and is made available to the public upon request.
